[REDACTED]
SUBJECT: External Research Contracts

Art:

I talked to you on this subject once before but noticed from a recent Weekly Activity Report that you had a particular interest in a listing of DDS&T external contracts. [REDACTED], DDI, has requested that we make such a list of DDS&T current contracts involving external research on social science. The interpretation of social science seems to cover a broad area and includes social conditions and behavioral studies. Are you aware of any DDS&T contracts which relate to this problem?

STATINTL

Would you give me a call on Monday at your convenience.

 called. Please call him Monday Morning, 

Subject was: External Research. Have got to make up another statement for the department which they can include in a statement to the Harris Sub-Committee to the Senate. Just an up-dating of what we did last year.....

Mary
